Memories

John L. L. L.
Seven

1958
7/1/800

We are Louie and Lois of Loris and the surrounding areas. For four years, our school has been Loris High School.

Here we have learned from books and more books. We have learned about winning and losing . . . on tests, sports, and in friendships. There were classes, plays, and ball games we've enjoyed. Yet, however confused we may be when we leave Loris High School, our confusion will soon fade into a more mature understanding of this world.

For while life at Loris High School may end at graduation for us, the experience of having been at Loris High School will remain with us.

The pages of this book seek to show you the life of Louie and Lois, Loris students.

LORIS HIGH SCHOOL

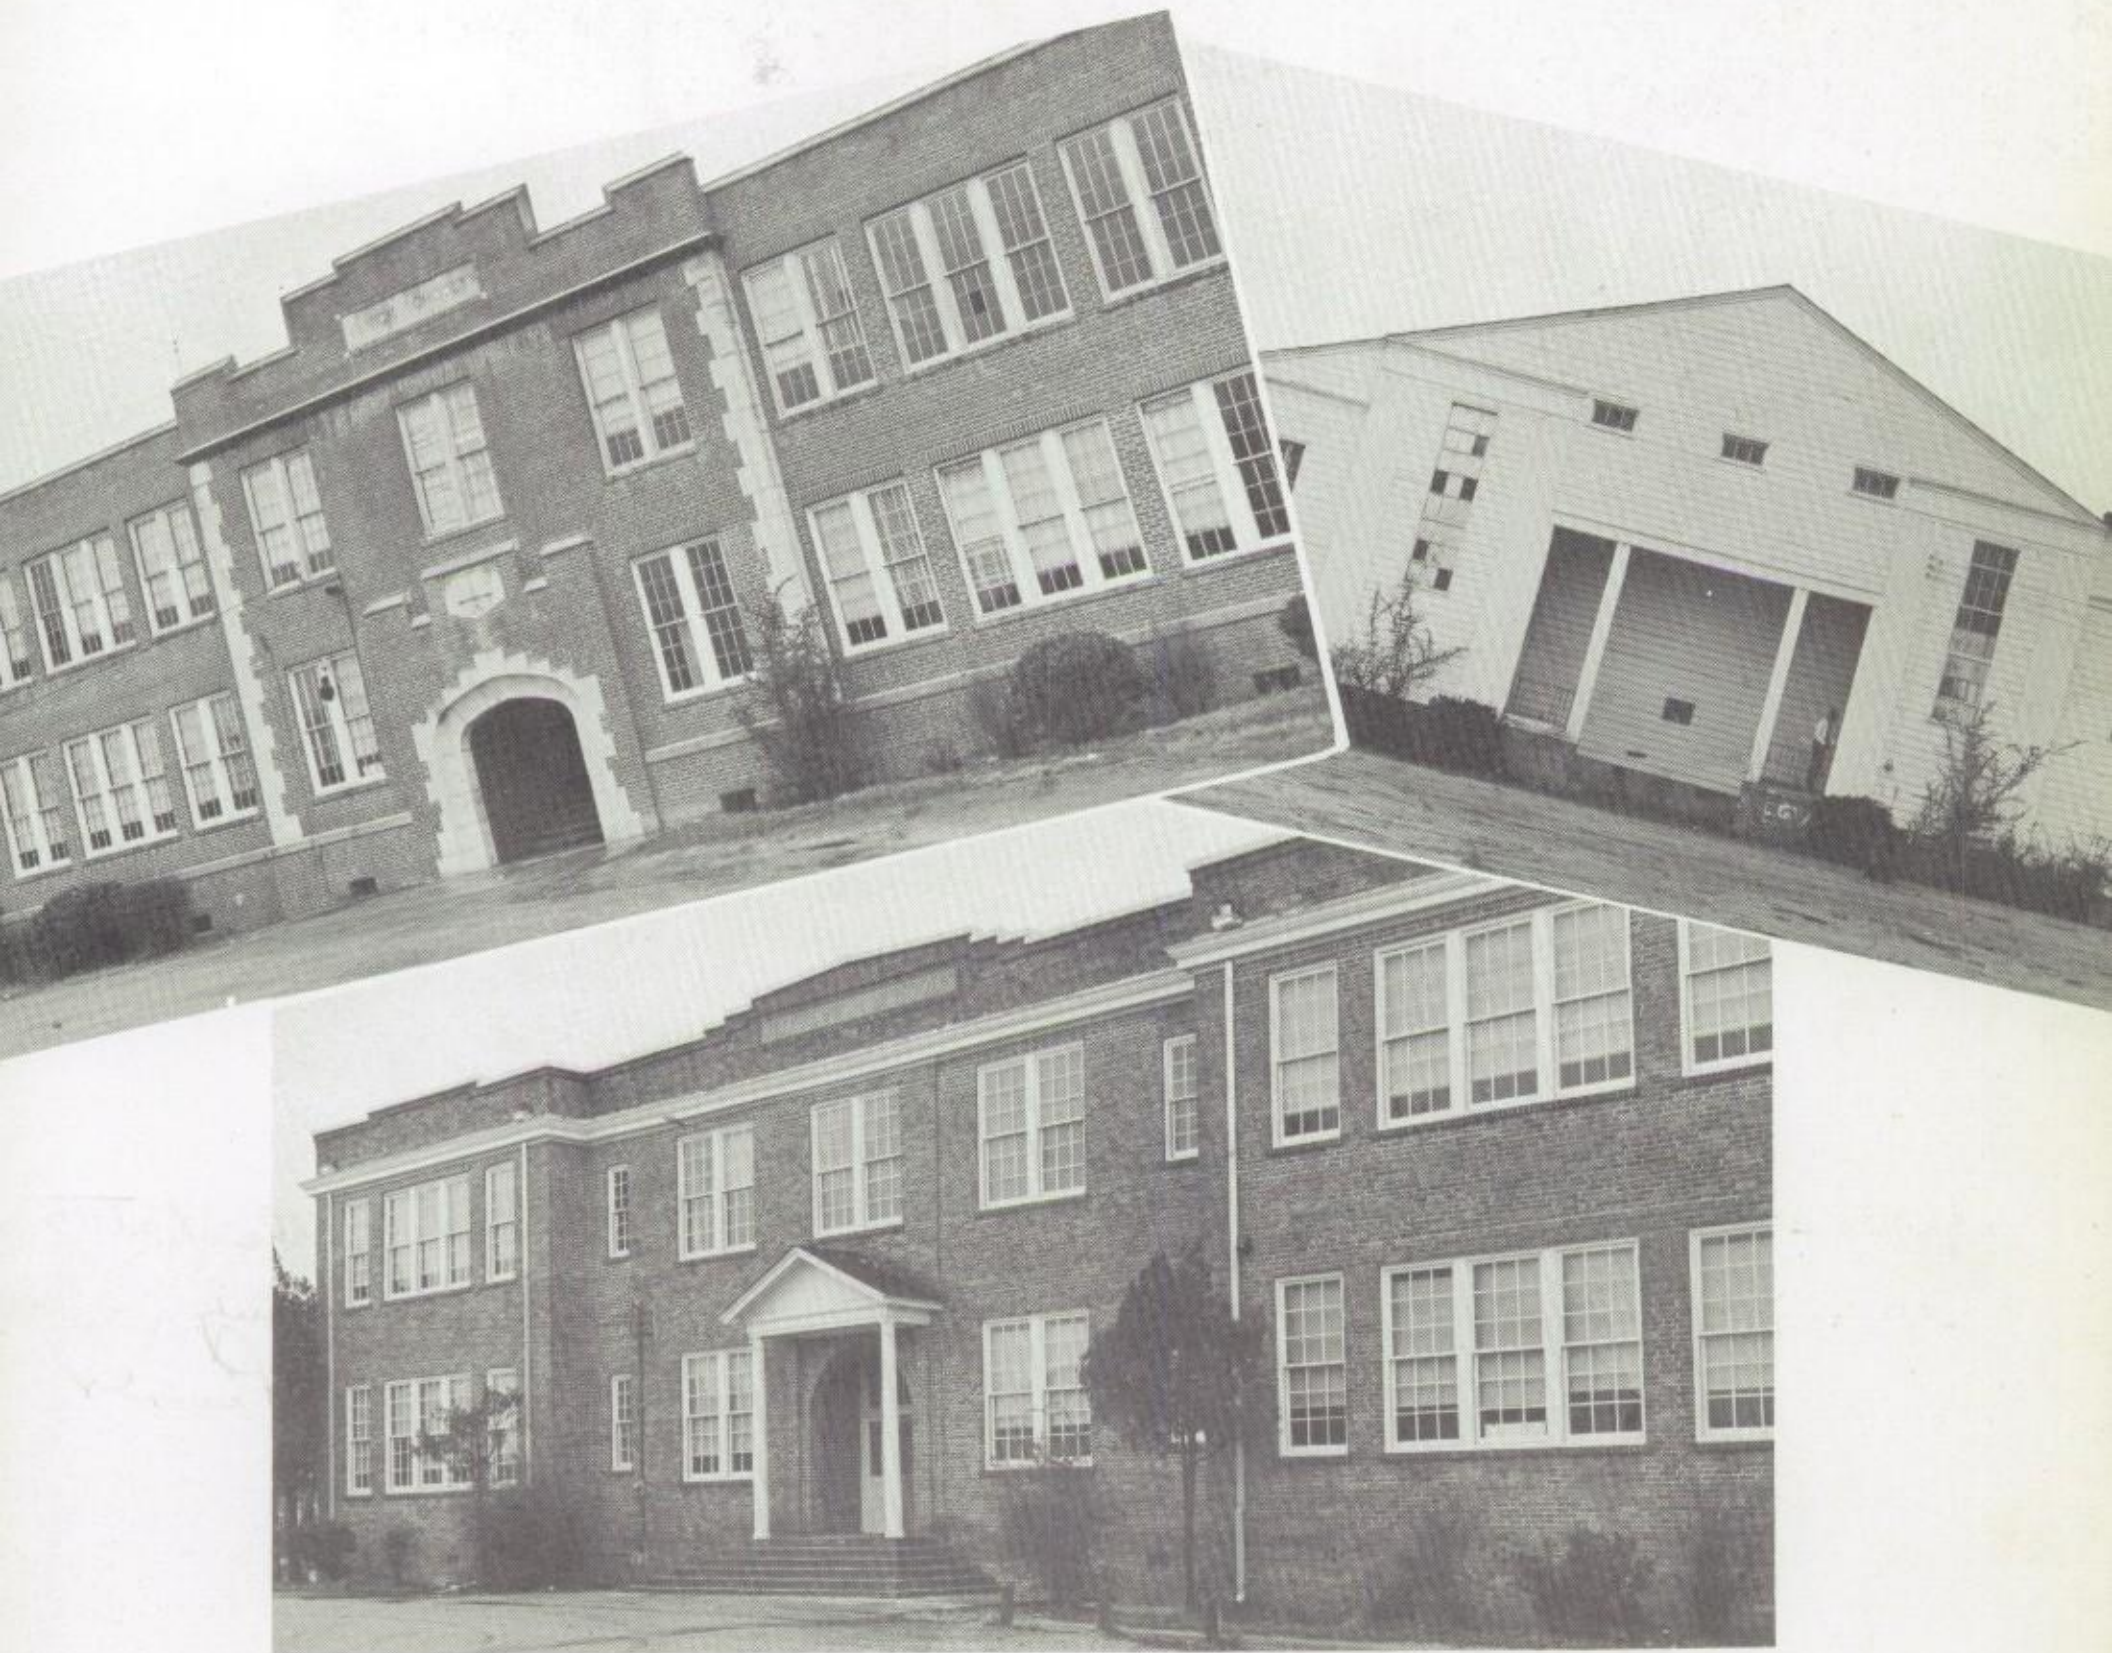

LORIS, SOUTH CAROLINA

Louie and Lois's life
will be seen in this . . .

These Are The Buildings That Louie and Lois Have Known

ALMA MATER

Our strong band can ne'er be broken,
Formed in Loris High,
For surpassing wealth unspoken
Sealed by friendship's tie.

High school life at best is passing
Gliding swiftly by.
Let us pledge in word and deed
Our love for Loris High.

Chorus:

Alma Mater, Alma Mater
Deep graven on each heart,
Shall be found unwavering true,
When we from life shall part.

FOREWORD

The co-editors would like to express their gratitude to the long-enduring staff of 1958 "Memories." To Mr. Ralph Shelley, of Keys Printing Company, to the tireless camera man, to Mr. and Mrs. J. D. McCormick, and Mrs. Ann Parrott, Sponsors of the annual, whose suggestions were of great value, we say, "thank you."

It is difficult to put on paper something that orators find impossible to express in words, but that is the object of this yearbook. In its pages are pictures of boys and girls, of buildings, of activities, of a limitless number of things that are a part of the life of a student. Though pictures show a great many scenes, they, like all pictures, fail to tell the true story. If you know the buildings, the boys and girls seen in these pages - if you know Loris High School - then you know the story this book hopes to impress on your mind for years to come.

P. Campbell.

Love ya
Sammy Carter

John Edward,

I can't begin to write all the things I wish to say about you on this whole book. I have enjoyed, really enjoyed, coming to school and other "activities" with you this year. We have made a friendship that will never end, "I hope," Hope that next year we will have the same classes and enjoy our senior year together.

I wish you the best of everything in life, and I am sure you will ^{if you} stay as you are now, a nice guy.

Your pal,
Bobby

John Edward,

I really have enjoyed going to school with you these past years. I hope you will have a cheerful future waiting for you when you step into a brighter life. I hope we will always be very good friends and shall think of each other as pals.

You are a very nice boy to know, and I hope you will remain one. I wish you a very happy and exciting future! I hope you never have any worries, but that you will always be happy and gay.

Always A Pal,
Newton

John Edward,

It has really been nice going to school with you this year. We have had a time trying to speak French and trying to work algebra.

Best of everything that life has to offer will always be yours if you stay as nice as you now.

A friend,
Curtis

In words I can never tell the deep feeling I have for you as a dear cousin and friend. It is almost time when we will be separated and looking through child hood^{days} there is memories that I will always cherish when we were together at work at play and even when we were quarreling (remember we did that a lot.) There are some great occasions with their special events in them that you went along and we enjoyed together. I hope we get to go to White Lake this year together again. A great guy made up of good looks, a gentleman, sweet and a sweet personality that is you, John Edward. I have enjoyed going to school with you too. Remember we helped each other out a lot around lunch time. John Edward I truly want to wish the best luck to you because you deserve it. If Lucinda is the girl for you I sure wish you all the luck in getting her because I believe from the bottom of my heart she is a special girl. Through the years may your and her feelings grow to stronger. Ever since I have met her I felt I had found a new friend with considerable feeling for other people. May you succeed in building up your future and life in what you want to do. Again my I wish you all the happiness life has to offer you because you deserve it and may God bless you as you go along. I love you.

A Friend
who will
always remember
you.

I really had a good time going to school with you this year. We had good times in all of our classes. May be the best in French except for our sorry grades. I think we will do better next year in baseball. Don't you? We will win the "championship" next year if you and I start to hitting the ball. Best of luck in everything you tackle.

your friend,
Jimmy

John Edward,

I can't say in this space all that I'd like to about our years in high school together. I have days in French, the maneuvering in Algebra. Lots of luck in the years ahead. Sure hope you can start hitting the ball next year!

John, I have really enjoyed going to school with you for so many years in grammar school and high school, but we still have another one to go. Stay like you are now, don't let anything get you down. Be on the right side and come out with a winning smile. I want to wish you and yours the very best of luck and happiness always.

John,
I have certainly enjoyed coming to school with you for the past two years. I think it is a pleasure (all mine) to autograph an yearbook for such a cute boy as you are. You are also sweet. Always remain the way you are now, and I'm sure you will never be left without friends. Best of luck sweet boy & forever to a sweet boy.

I don't believe I could have fine anybody I would have liked any better than I do you because you have been a nice boy to me I will never forget those times we had had together. Such as ditch if you so when I am talking about and going to church together I have enjoyed ever bit of it. also when I was in the hospital such as your old girl friend that made me love you a little bit more. Ah! John I have really enjoyed going with you to church because some girls I had met were really nice to me. Such as Gloria, Brenda + Jewel and all the rest. I hope them the best of luck in future because they all deserve ever bit of it. John I hope after you finished school you will go to college and make something out of it.

The best of luck at Citadel after you finished
High School. as far as me I guess I will
be at Winthrop for four years studying
for a teacher which I have always hated
no they are all right I guess some times
John the time we have had at our
Banquet we really had fun especially Betty
& Baby winning what they did. I guess
we are not lucky at all. It doesn't
seem like the one. John I really would
like to tell you what a real sweet and cute
& attractive boy you are if you will keep
up the good personality you have about
you all the girls will like you. I hope
later on in the future you the best of
luck I do that I could never forget you
and I hope we continue going together
right on. and will make something out of our self
and then you no if you want to get
married or not. but now I guess we
had better try to go to school. and remember
a boy like you everybody would like. as
I have to say again will you always remember
me as your girl friend and I hope to stay that way
as far as me you will always be my Boy friend and
I will never forget you even if we do break up
which I hope we don't do. I hope later on in the
future ~~us~~ the best of luck in through life
which I hope we will be happy and remember
I love you and always will. Love always Lucinda P.
